CUMMINS ISXE5 IN-FRAME REBUILD

- Labour
- Rebuild Kit - Includes Seals & O-Rings, Main & Rod Bearings, Gaskets, Liners & Pistons
- Oil
- Oil Filter & Fuel Filters

FROM **\$18,000** INC GST

All rebuilds are completed by qualified and licenced Brown & Hurley Technicians with the latest up-to-date tooling and training. All parts are Cummins.

We pride ourselves in performing the highest standard of work and we stand behind it. Cummins engine rebuilds are covered for workmanship and replaced parts for a period of one year or 160,000km.

Terms & Conditions: Core charges may apply on all rebuilds. Parts pricing may vary by + or - 2% depending on cost increases or decreases. All prices include GST. Additional repairs found during the rebuild will be reported to customer and can be completed at additional charges. Any blocks needing counter-bore cutting will have an additional charge. These offers are valid until 31st March 2020. These offers are not available at Brown & Hurley Tamworth. Price is subject to review and can change without notice. We reserve the right to correct errors and omissions.
